EVOLUTION
EFFECT

The Evolution of Timeless

Inspirado en la evolución misma, este nuevo acabado cerámico va más allá de lo estático, creando una textura dinámica que fluye sin interrupciones por toda la superficie.

Así como la vida y el mundo evolucionan en todos sus aspectos, 'Evolution' redefine la cerámica, narrando una historia visual en cada rincón y rindiendo homenaje a la eterna marcha del cambio.

Inspired by evolution itself, this new ceramic finish goes beyond the static, creating a dynamic texture that flows seamlessly across the surface.

Just as life and the world evolve in all its aspects, 'Evolution' redefines ceramics, telling a visual story in every corner and paying homage to the eternal march of change.

Inspirée par l'évolution elle-même, cette nouvelle finition céramique va au-delà de la statique, créant une texture dynamique qui s'étend de manière fluide sur la surface.

Tout comme la vie et le monde évoluent dans tous leurs aspects, "Evolution" redéfinit la céramique, en racontant une histoire visuelle dans chaque coin et en rendant hommage à la marche éternelle du changement.

Mosaicos que completan la experiencia

Cada proyecto necesita un detalle diferencial. Por eso, ampliamos nuestras series con mosaicos diseñados para aportar continuidad estética y mayor versatilidad técnica.

Nuestros mosaicos permiten enriquecer el espacio con soluciones decorativas coordinadas, ideales para zonas de ducha, paredes acento o transiciones entre materiales. Un recurso que no solo potencia el diseño, sino que también amplía las posibilidades de cada colección.

Porque los detalles también mueven emociones.

Mosaics that complete the experience

Every project requires a distinctive detail. That is why we expand our series with mosaics designed to provide aesthetic continuity and greater technical versatility.

Our mosaics enhance spaces with coordinated decorative solutions, ideal for shower areas, feature walls or material transitions. A resource that not only elevates design but also expands the possibilities of each collection.

Because details move emotions too.

Des mosaïques qui complètent l'expérience

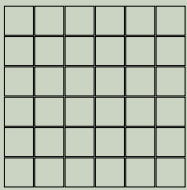

Chaque projet a besoin d'un détail distinctif. C'est pourquoi nous enrichissons nos séries avec des mosaïques conçues pour offrir une continuité esthétique et une plus grande polyvalence technique.

Nos mosaïques subliment les espaces grâce à des solutions décoratives coordonnées, idéales pour les zones de douche, les murs d'accent ou les transitions entre matériaux. Une ressource qui valorise non seulement le design, mais élargit également les possibilités de chaque collection.

Parce que les détails font aussi naître des émotions.

Las baldosas cerámicas una vez que llegan al final de su vida útil son un residuo inerte, que para su correcta gestión debe ser entregado a un gestor autorizado de residuos, favoreciendo su reciclado.

Ceramic tiles, once they reach the end of their useful life, are an inert waste, which for its correct management must be delivered to an authorized waste manager, favoring its recycling.

Une fois que les carreaux céramiques atteignent la fin de leur vie utile, ils constituent un déchet inerte qui, pour être correctement géré, doit être remis à un gestionnaire de déchets agréé, privilégiant son recyclage.
